*The information included in this piece is solely for demonstration purposes and is not intended to assure a level of savings. Savings estimates are based on information provided by FP&L. Actual savings will depend upon individual use and energy costs which will fluctuate over time. Likewise, the long-term savings rate will depend upon market interest rates which also vary over time. These features may be changed or deleted at any time and may vary by community.

NEW MINTO ENERGY STAR® CERTIFIED HOMES – SAVING YOU MORE MONEY PER MONTH!

HOW MINTO'S NEW HOMES EARN THE ENERGY STAR®

To earn the ENERGY STAR®, our homes must meet strict guidelines for energy efficiency set by the U.S. Environmental Protection Agency (EPA), making them 20-30% more efficient than standard homes. Our homes achieve this level of performance through a combination of energy-efficient improvements, including:

- Insulated sealed duct air conditioning system for improved indoor air quality
- Low volatile organic compound (VOC) **Sherwin-Williams®** paints and **Mohawk®** carpet
- Exterior ventilation of range hood
- In-wall **Taexx®** pest defense system eliminates personal contact with active ingredients
- Energy efficient low-emissivity (Low-E) windows
- Complete **GE®** ENERGY STAR® appliance package
- High efficiency 14-SEER **Carrier®** central air conditioning and heating
- Energy-saving compact fluorescent light bulbs
- R-30 insulation on ceilings and R-4.1 on block walls
- **Rheem®** Prestige™ energy-saving hybrid water heater
- Automated drip irrigation system
- **Moen®** water-saving plumbing fixtures
- Water-saving, comfort-height and elongated water closets
